Subject: Quarantine policy

League Reps,

In some communities a diagnosis of Covid shows.
Whether it's in the high school or general community.

Our football staffs within the NJSYFL immediately follow the "Return to play" guidelines set forth by the NJSIAA. We trace if anyone is related or exposed to the diagnosed person. If anyone is found to have contact with the team, an IMMEDIATE 14 day quarantine is mandated.

We in the NJSYFL always believe that the kids come first. Their safety is paramount to us and utilize and institute EVERY mandate for a successful return to play.

We remind our parents and/or guardians to remain vigilant in assessing any symptoms from your child. For the season, please try to minimize outside activities (parties, travel or close contact with people outside your direct family). If you find your child has symptoms or a positive test, we IMPLORE you to notify our staffs so proper procedures can be followed. In these difficult times WE ARE ALL ON THE SAME TEAM, we need to take of each other and respect the mandates set forth for a successful season.

I commend every parent/guardian, coach and personnel that assist in these trying times to help our players and cheerleaders return to a somewhat "normal" that they most certainly need for their young lives.

Yours through safety and football,

Russell J. Yeager
Commissioner of the NJSYFL
and Board of Representatives
